Janet Hayden

Dear Janet

Well it's going to be the end for us, only a little while though. But you know that it's been a pleasure knowing you these last 15 years or has it been that long? Well, we have had our good times and bad but you know that we have managed to come out on top. Remember the good times we had in the Seventh Grade with Gracie, those days I'll never forget, and remember one thing the sky is the limit and keep your head to the sky, always.

Be good, and if you can't, be careful. See you at Norfolk State, 'maybe'

Volume XI

School days, like our lives,
are filled with many
kinds of lights.
There is the warm light
of the sun,
perhaps just rising
as we arrive at school;
the light of a friendly smile;

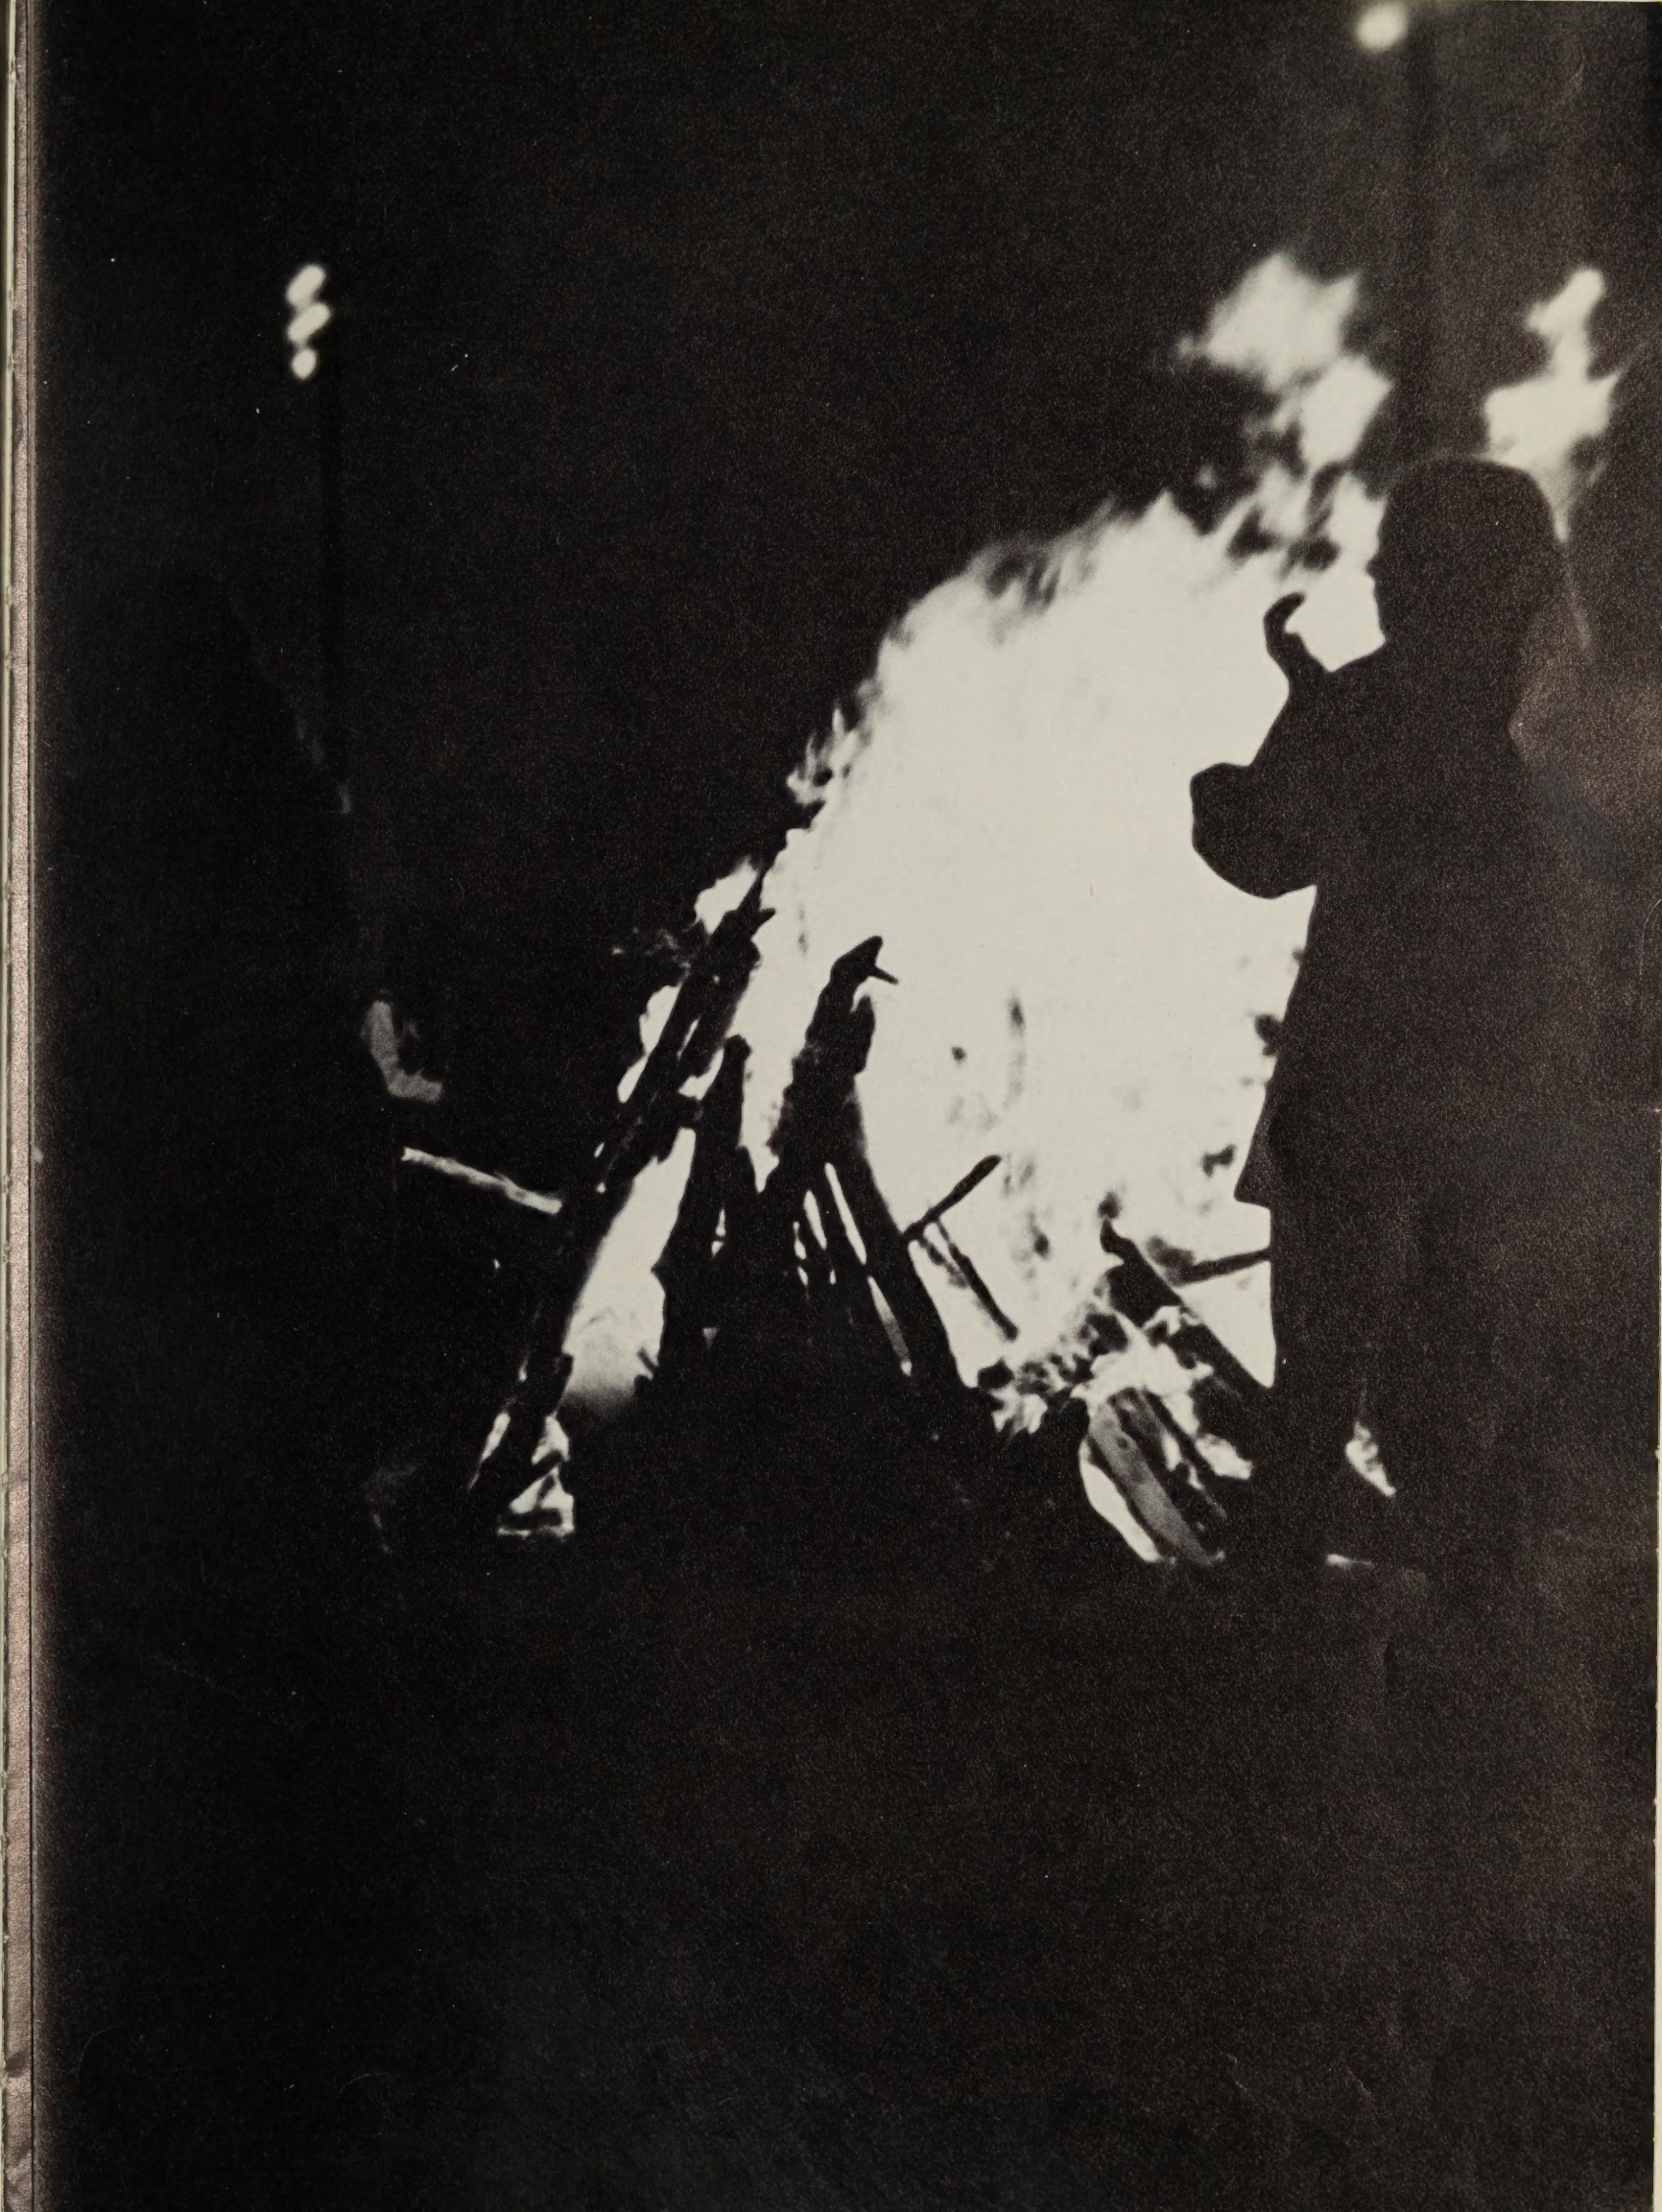

the
thrilling lights
of a scoreboard.

There are lights which show us where
to go
and others which help us see what lies
ahead . . .

BRIGHT LIGHTS

Janet,

You're the craziest "sister" a white dude ever had. I really dig you! I'm gonna miss you! Don't make yourself a stranger! May you always have Good Luck! Did you know that you are almost un-live. (Almost) Be cool!

Class Of '74

The Class of '74 has come to the last lap of their journey through high school. One of their goals has been to learn to cope with problems. Their Senior year gives them plenty of opportunities. For instance: learning parliamentary procedure, understanding *Hamlet*, and surviving through College Boards are at the top of the list. On the creative level, the problems of thinking up believable excuses for the days skipped can challenge even the pro. Their latest challenge is to last out the final weeks of school before senior day and the big moment of graduation.

CLASS OF '78

The eighth grade class has been busy adjusting to the rigors of high school life. It can be a big change, coming from a school where you are "top dog" to a place where everyone puts you down. But this year's group is doing exceptionally well. For the first time in our memory, the eighth grade class has won the spirit stick. So congratulations and keep up the good work.

GUIDING LIGHTS

ADMINISTRATION

Mr. Conley Wallace and Mr. Ron Mason have joined the staff in the capacity of Vice Principal. Both Mr. Wallace and Mr. Mason have many varied and hectic duties. They coordinate school activities

During a football pep rally Mr. Woodford waits as everyone finds a seat.

and have devised a system to divide the many problems that they may face in the course of a day. Even though Mr. Woodford has two assistants, he is still very busy with the all around care of our school.

Mr. Woodford appears intent while watching a J.V. game.

Above: Mr. Woodford enjoys the entertainment of the Space ball assembly.

Both our assistant principals seem to find something quite amusing!

Mr. Mason keeps an eye on between class activities.

Left: Sometimes an assistant principal has to eat on the go.

Below: Looking a little skeptical, Mr. Wallace listens to another tardy excuse.

Surrounded by SRHS students, Mr. Wallace studies J.V. football action.

Guidance Department

This year's guidance department is the result of many changes. We have a new counselor for the ninth and tenth grades. He is Phil Webb and he came to us from Liberty High. Mrs. Hartigan still maintains her post of working with the eight grade. Mr. Caldwell is now in the guidance department on a full time capacity. He helps the eleventh and twelfth graders to work out their plans for the future.

Mr. Caldwell takes a breather from guidance activities.

Scheduling 8th graders is one of Mrs. Hartigan's biggest problems.

Office Workers Help Keep The School In Motion

Mrs. Lawson hard at work on the absentee list.

Mrs. Saunders checks a student schedule for one of the counselors.

Miss Chattin goes over the day's receipts.

Right: Mr. Largo relaxes while his class works on a test.

Mrs. Pendleton greets the day with an enthusiastic smile.

Below: Mrs. Knighton discusses Early American Literature with her Juniors.

Above: During a busy schedule, Mrs. Cheek finds time to enjoy a fast lunch.

ENGLISH DEPARTMENT

Miss Mutter finds her ninth grade English class very amusing.

Above: Miss Sink watches over her students as they take a spelling quiz.

Below: Mr. Mabbitt explains the student handbook to his class.

The English Department strives to better meet the needs of each individual student. The new textbook adoption which gave each teacher several texts to work with on each grade level, has enabled them to tailor courses to suit the needs of all students. The teachers agree that the advantages of this system outweigh the disadvantages.

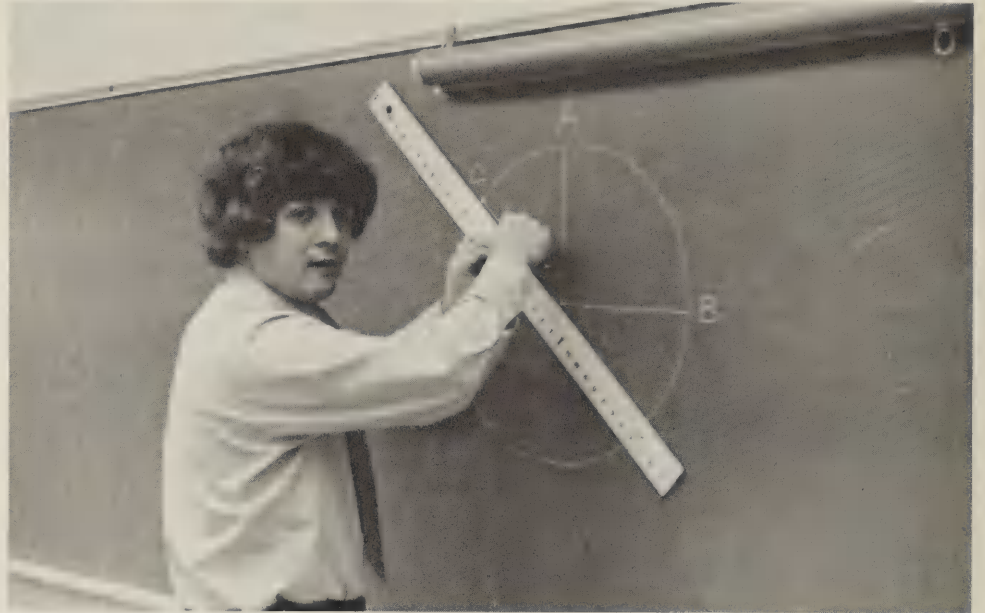

Above: After finishing a rough class, Mrs. Smith has to take a break.

Left: Mrs. Howell finds grading test papers very time-consuming.

MATH DEPARTMENT

The Mathematics department presents a dual program designed to meet the needs of all students. The student may choose a program which provides him with basic arithmetic and all aspects of business math. The College-bound student may participate in a program which includes algebra, trigonometry, and higher mathematics. The faculty is an enthusiastic one with training in all areas of the subject.

Mr. Mitchell explains a diagram to his geometry class.

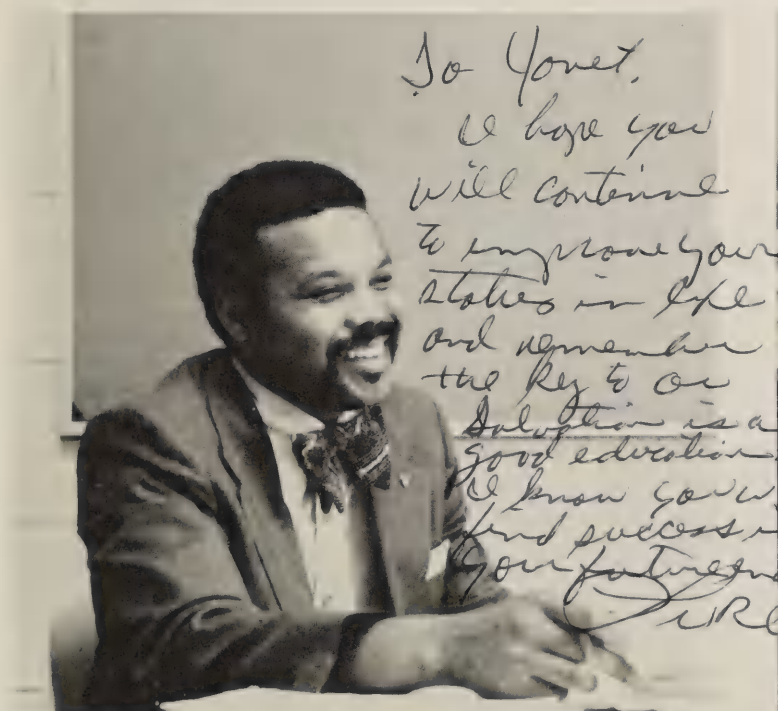

Shirley Davis receives an explanation of a program from Miss Goad.

Mrs. Mabbitt explains the correct way to work an algebra problem.

Toby Jordan gets some individual help from Mrs. Stephenson.

Mr. Salley enjoys a joke in Consumer Math.

The classroom offers all the comforts of home to Mr. Hodges.

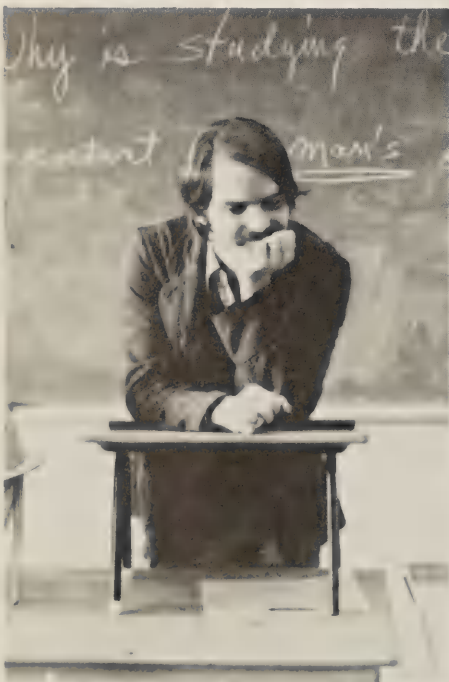

SOCIAL STUDIES DEPARTMENT

This year the Social Studies Department received new textbooks. In spite of the fact that some of the books didn't arrive until October, classes went on as usual. Some of the teachers had to rely on films, work sheets, current events, and their own ingenuity to keep things going, but the wheels of higher learning kept turning.

Above: Armed with the tools of her trade, Mrs. Saunders marches through B-building.

Below: Kandy Hutchens and Martha Karnes point out the Louisiana purchase in Mr. Sigmon's history class.

Mr. Fine wonders if he'll survive his class of world geography.

"I am NOT a pig-faced dog," exclaims Mr. Ayers.

"No, Richmond *isn't* the capital of the U. S.," cries Mr. Sigmon.

Mr. Woodfin sits in the lounge with his prize-winning pass.

The Science Department at Staunton River covers many areas, such as chemistry, biology, and physics. This scope has been broadened by the addition of a new course. For the first time in the Bedford County school system, advanced biology was offered to those students who have taken the primary course. Earth science has become exciting as eighth and ninth graders gain valuable experience in laboratory procedure.

Sheila Ferguson, Denise Wells, Donna Merrill and Freda Saunders watch closely as Mrs. Barksdale demonstrates procedures for an experiment.

Mr. Fuqua answers a question as Robin Gregory listens in.

Mr. Bonds gives a lecture in earth science.

Mr. Hudson unpacks a new shipment of supplies.

Mrs. Cooper watches warily as Brian Hancock mixes chemicals.

Caught in a true-to-life pose is Mr. Stephenson.

Mr. Cundiff sets up a physics experiment for his class.

Foreign Language Department

The Foreign Language Department has an innovation this year for 8th graders. They offered 9 week courses in both French and Spanish. This introduces the 8th graders to a foreign language which they may want to take for a full

credit in the future. We also have a fine Latin program for those interested in the classics.

Above: Mrs. Mitchell puts the finishing touches on her bulletin board *à la française*.

Miss Sink teaching the Spanish fundamentals in the classroom.

Mrs. Pendleton points out the Roman Empire from her Latin Map.

Above: Our new P.E. teacher Mr. Peterman.

Above: Mrs. Dodson fills in her grade book.

Physical Education Department

In addition to the regular physical education courses there is now a class of advanced P.E. for those who want to take it beyond the required three years. Among the sports studied in the course are bowling, tennis, volleyball, ping-pong, and trampoline. A field trip to Smith Mountain Lake helped to increase swimming skills. The course seems to be a big success and the students have enjoyed it a lot.

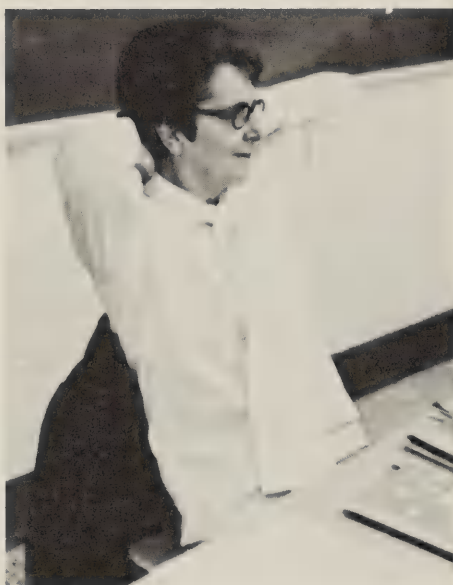

Left: Mrs. Wright helps officiate at a volleyball game.

Below: Mr. Wilson takes a snack break.

VOCATIONAL DEPARTMENT

At SRHS the vocational department plays a vital role in rounding out the curriculum. By offering studies in home economics, agriculture, business, and industrial arts, it offers our students an opportunity to prepare for future vocations or explore areas of personal interest.

Mrs. Hensley relaxes while waiting for the end of a test.

Eagle Spirit Soars In '73 Season

Here is our varsity football squad. Under new coaching the Eagles had a rewarding season. Although it was not a winning season: 2 wins and 8 losses, it was of better spirit and morale.

One important improvement was togetherness. These guys did not just practice and play together, they worked together, relied on each other, and were a team in every sense of the word. This new

spirit was noticeable at pep rallies and around school.

Coach Bill Mabbitt was a major factor in promoting enthusiasm among the team members and the student body as well. He believed in the squad and they believed in themselves.

This year the Eagles scored their first victory over Gretna High School and rolled up an 19-2 victory over Altavista.

Junior Varsity Football Team

The 1973 Junior Varsity Football Squad came through with a fine year considering the lack of size and experience on the team. In Mr. Wilson's second year of coaching he has had trouble in building a winning team because of this handicap. The J.V.'s fought hard and they compiled a 1-7 record. Their drive and spirit are to be commended. Things are bright for the future with a lot of newly gained experience going up to Varsity.

Volleyball Team Places Third in District

The volleyball team really gave us something to brag about this year. A 5 and 6 record is good for any team, but especially so for one as young as this. In this their second season, they are living proof that a lot of hard work and serious practice really pays off.

Coach Charlotte Dodson caught in an off moment.

BOYS VARSITY BASKETBALL

Struggling against rough competition the Eagles had a disappointing season. New talent on the team raised hopes of a better record. However inex-

perience was a key factor in the loss of several close games. We look forward to greater success next year as the young members mature.

Grace Memorial Baptist Hour WBLT 9:15 A.M.

God would have you believe these great truths

FIRST EVERY PERSON (YOU) NEEDS TO BE SAVED. "For all have sinned and come short of the glory of God." Romans 3:23.

"Except a man be born again he cannot see the kingdom of God." John 3:3.

SECOND YOU CANNOT SAVE YOURSELF. "Not by works of righteousness which we have done, but according to His mercy He saved us." Titus 3:5. "For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord." Romans 6:23.

THIRD JESUS HAS PROVIDED FOR YOUR SALVATION. "Who (Jesus) His own self bare our sins in His own body on the tree, that we, being dead to sins, should live unto righteousness; by whose stripes ye were healed." 1 Peter 2:24. "For God so loved the world (you) that he gave his only begotten Son that whosoever believeth in Him should not perish but have everlasting life." John 3:16

FOURTH YOU MUST BELIEVE IN JESUS FOR SALVATION. "Believe on the Lord Jesus Christ, and thou shalt be saved." Acts 16:31. "But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name." John 1:12.

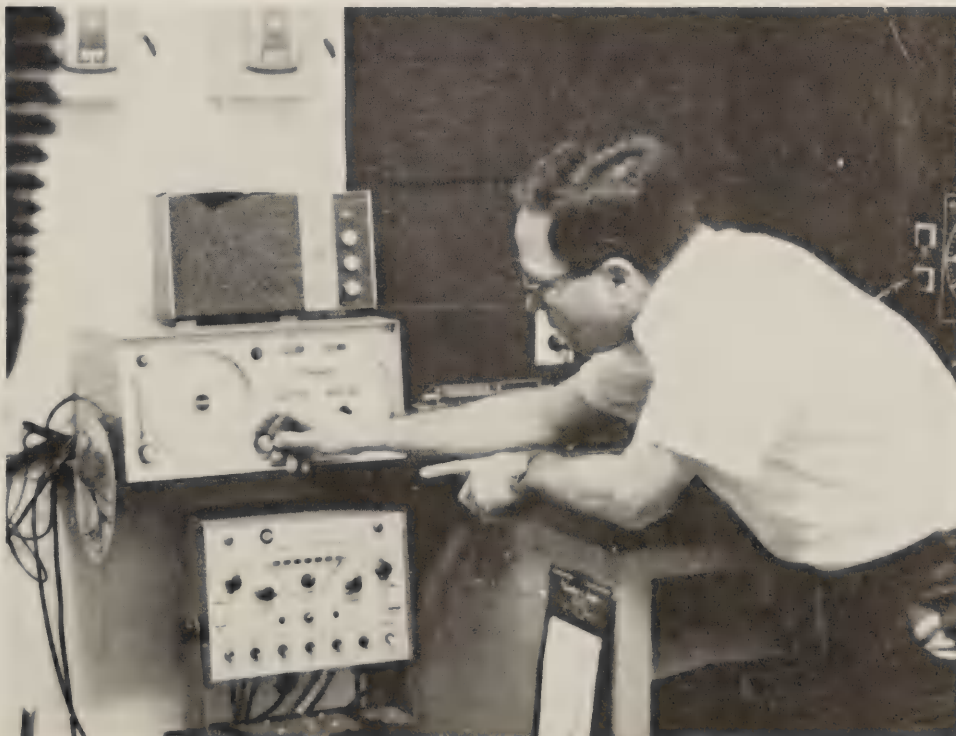

FIFTH NOW IS THE TIME TO ACCEPT JESUS AS YOUR SAVIOUR. "Behold, now is the accepted time; behold, now is the day of salvation." 2 Cor. 6:2. "As the Holy Ghost saith, To-day, if ye will hear His voice, harden not your heart." Hebrews 3:7-8.

Janet,
It's been really nice
knowing you this year.
(I mean, getting to know
you.) I'm glad all the plans
you made and most of the
time we spent at the good thing.
I hope all of the good things
in your life come your way. Best

Janet,
You are a real sweet
girl, who means a whole
lot to me. You've helped
me a lot this year sometimes
when you didn't even know it.
I loved all the good times we
gave. hope you have a wonderful
life and always remember to keep
a smile on your face.

Love
Dave

Janet,
I feel as though I have
really gotten to know you
this year. You certainly are one
of the most funniest persons I
know. But you are sweet with it.

You deserve the best of everything
and I hope that God will
make your dreams come true.
Also that He will give you plenty
of happiness and love. Be a good girl if
possible! Remember me when you
can O.K.?

Love ya,
Lynda

P.S This gov's class is boring!

Janet,
I'll very best of
luck to a very
nice person. Hope your
future holds much happiness.
Have fun in the "teaching"

Janet,
Just six weeks to go! all these school years will be over. I hope your future years will be the very best. Just stay the way you are - you couldn't become any sweeter.
Best of luck.
Betty (Rayne)

Janet,
you're a very cool pin, devil, and always with the happenings. We really have had some at this old shack this year. Remember St. Vincent. What a time we, to express but I believe you can drink just as much I was as any natural born ho-ma. Understand, I hope we have some more fun before this school year is over. And I think maybe Lat, may be the night (from night) we should have some lasting memories from that. Anyway always remain cool, sweet and be sure to watch the ones that's

Janet,
 Seniors! That's
 really beyond belief.
 I hope your future
 holds the very best
 of everything. Keep
 sweet, behave, never
 forget all of us here
